Storage Locations of Customer Data (including personal information)

When you purchase a product from DigiCert, Inc. or one of its subsidiaries (collectively referred to as "DigiCert"), the personal information that you share with us may be stored in any of the available locations listed in the table below, depending on the product you purchase and your preferences.

Additionally, certain DigiCert personnel may access your information to carry out your transaction and manage your account. Such personnel are located in the following countries: United States, United Kingdom, Germany, Netherlands, Spain, Switzerland, Australia, India, Ireland, Japan, South Africa, Bermuda, Canada, Singapore, China, and Hong Kong.
